

SETINA 2018 FEATURED FLEET EQUIPMENT

SETINA[®]

DESIGNING FOR THE FUTURE

450L "LED" Lighted Push Bumpers

The latest technology in push bumper design. The integrated LED lights are recessed into the push bumper for front end lighting placement and light protection. Winch Ready Push Bumpers options are also available.

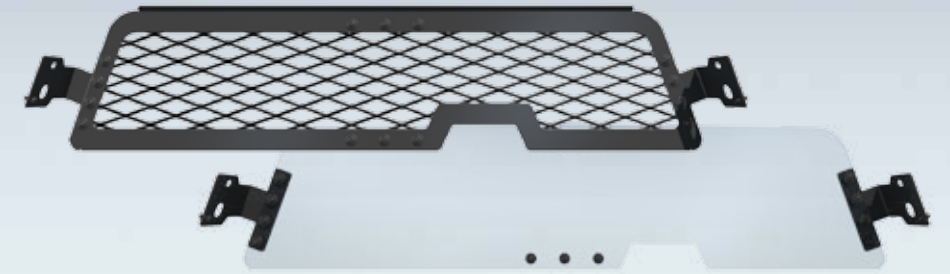

Shown with PB8 Fender Guard

Rear Cargo Window Barriers

Setina's Rear Window Guard System provides Maximum Visibility and Quick, Easy Installation. Heavy duty black powder coated steel and aluminum construction, with radius corners that eliminate abrupt edges.

Polycarbonate or Expanded Metal Window Option Available

Freestanding or Partition Mounted Weapons System

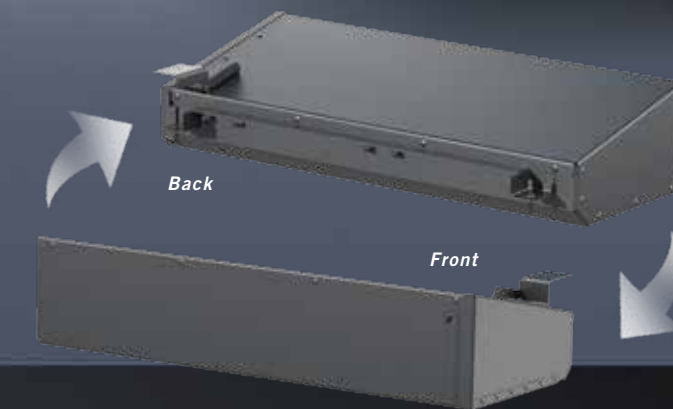

"T-Rail" Weapon Mounting Systems offer weapon flexibility and easy access. Available in single or double mount T-Rail systems.

Shown with Universal and Small Lock on Freestanding Mount

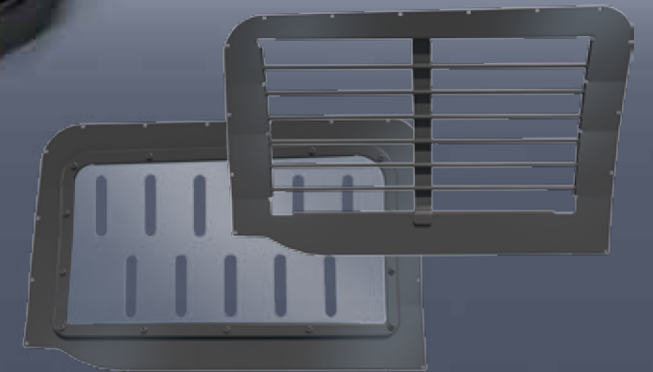

Model #10-RP Recess Panel

Recessed panel design, optimum for multiple weapon mounting systems and center consoles. Includes lower extension panels. No rear leg or foot well obstruction.

Rear Cargo Storage Box

Cargo and Electronics storage system that mounts easily under the rear seat of your vehicle. Constructed of heavy duty, light-weight aircraft grade aluminum. Heavy Duty, scratch resistant, black powder coat finish.

Side Window Barriers

Durable, light-weight, and professionally designed for precision, interior mounting. Complete with a black powder coat finish. Precision fit side windows available in Coated Polycarbonate or heavy duty Horizontal steel.
