DESIGNING FOR THE FUTURE

# SETINA DELIVERS ON CHEVY BOLT EQUIPMENT

## 1 Setina "LED" Lighted Push Bumpers

Setina's PB405L Series Push Bumpers offer the latest technology in "LED" perimeter lighting. The PB450L is completely factory pre-assembled and wired for quick and easy installation. High-Strength Aircraft Grade Aluminum construction for optimum fuel economy and satisfies the automakers concerns for front end weight limitations.

## 2 Single Prisoner Transport Systems

Our Single Prisoner Transport Partitions provide a secure area to transport the detainee, while maximizing driver comfort and accessory storage. Advanced design includes a full roll-bar type framework for added structural support for your vehicle.

The partition front window is available with Coated Scratch-Resistant Polycarbonate or with Vinyl Coated Expanded Metal. Vented divider panel design provides maximum airflow to rear passenger.

## 3 Firearms Mounting Systems

Setina's Single and Double T-Rail Mounting Systems provides law enforcement with a superior solution for Firearms Mounting and Placement. Designed for Maximum Versatility and Ease of Access. The unique T-Rail design provides maximum adjustability and flexibility to accommodate multiple firearms with your choice of multiple lock options to fit your department's needs. Available in Partition, Free Standing or in Rear Cargo Area Mounting.
