Window Barriers and Door Guards

Setina's® TPO Door Guards are the next generation of interior door protection. Window barriers are scratch-resistant polycarbonate or steel to fit your department's vehicle needs.

5

Freestanding or Partition Mounted Weapons Systems

Available with Single or Double T-Rail firearms mounting options, as well as with multiple lock configurations.
4

SmartBelt Center-Pull Seatbelt System

Setina's New "SmartBelt" System is the latest technology in Center Pull Seat Belt design. SmartBelt's electronic seatbelt retractor system eliminates the officer's need to manually actuate the locking mechanism to activate the restraint mode. SmartBelt allows the officer to simply situate the passenger and buckle. The retractors automatically sense when to lock to secure the detainee. SmartBelt comes with a Safety Alert signaling system, alerting the officer if the retractor becomes unbuckled and is out of restraint mode.
