SETINA®

DESIGNING FOR THE FUTURE

SETINA DELIVERS ON MACH-E EQUIPMENT

1 Taking Transport Seating to the Next Level Efficiency

Laboratory testing is a Critical Part of Seat Belt Design and Performance. Setina's unique Center Pull Seat Belt Systems are Professionally Designed and Laboratory tested to meet 207/210 FMVSS, Federal Seat Belt Safety Standards.

2 Setina Console Series

Our new Console for the Mach-E SUV series vehicles redefines the vision of the law enforcement consoles from the ground up. The advanced design of the new Setina console focuses on the public safety vehicle and maximum use of the cabin space. This progressive design approach provides the officer with a comfortable workspace and an organized area for essential electronic equipment.

3 Single Prisoner Transport Systems

Our Single Prisoner Transport Partitions provide a secure area to transport the detainee, while maximizing driver comfort and accessory storage. Advanced design includes a full roll-bar type framework for added structural support for your vehicle.

4 Firearms Mounting Systems

Setina's Single and Double T-Rail Mounting Systems provides law enforcement with a superior solution for Firearms Mounting and Placement. Designed for Maximum Versatility and Ease of Access.

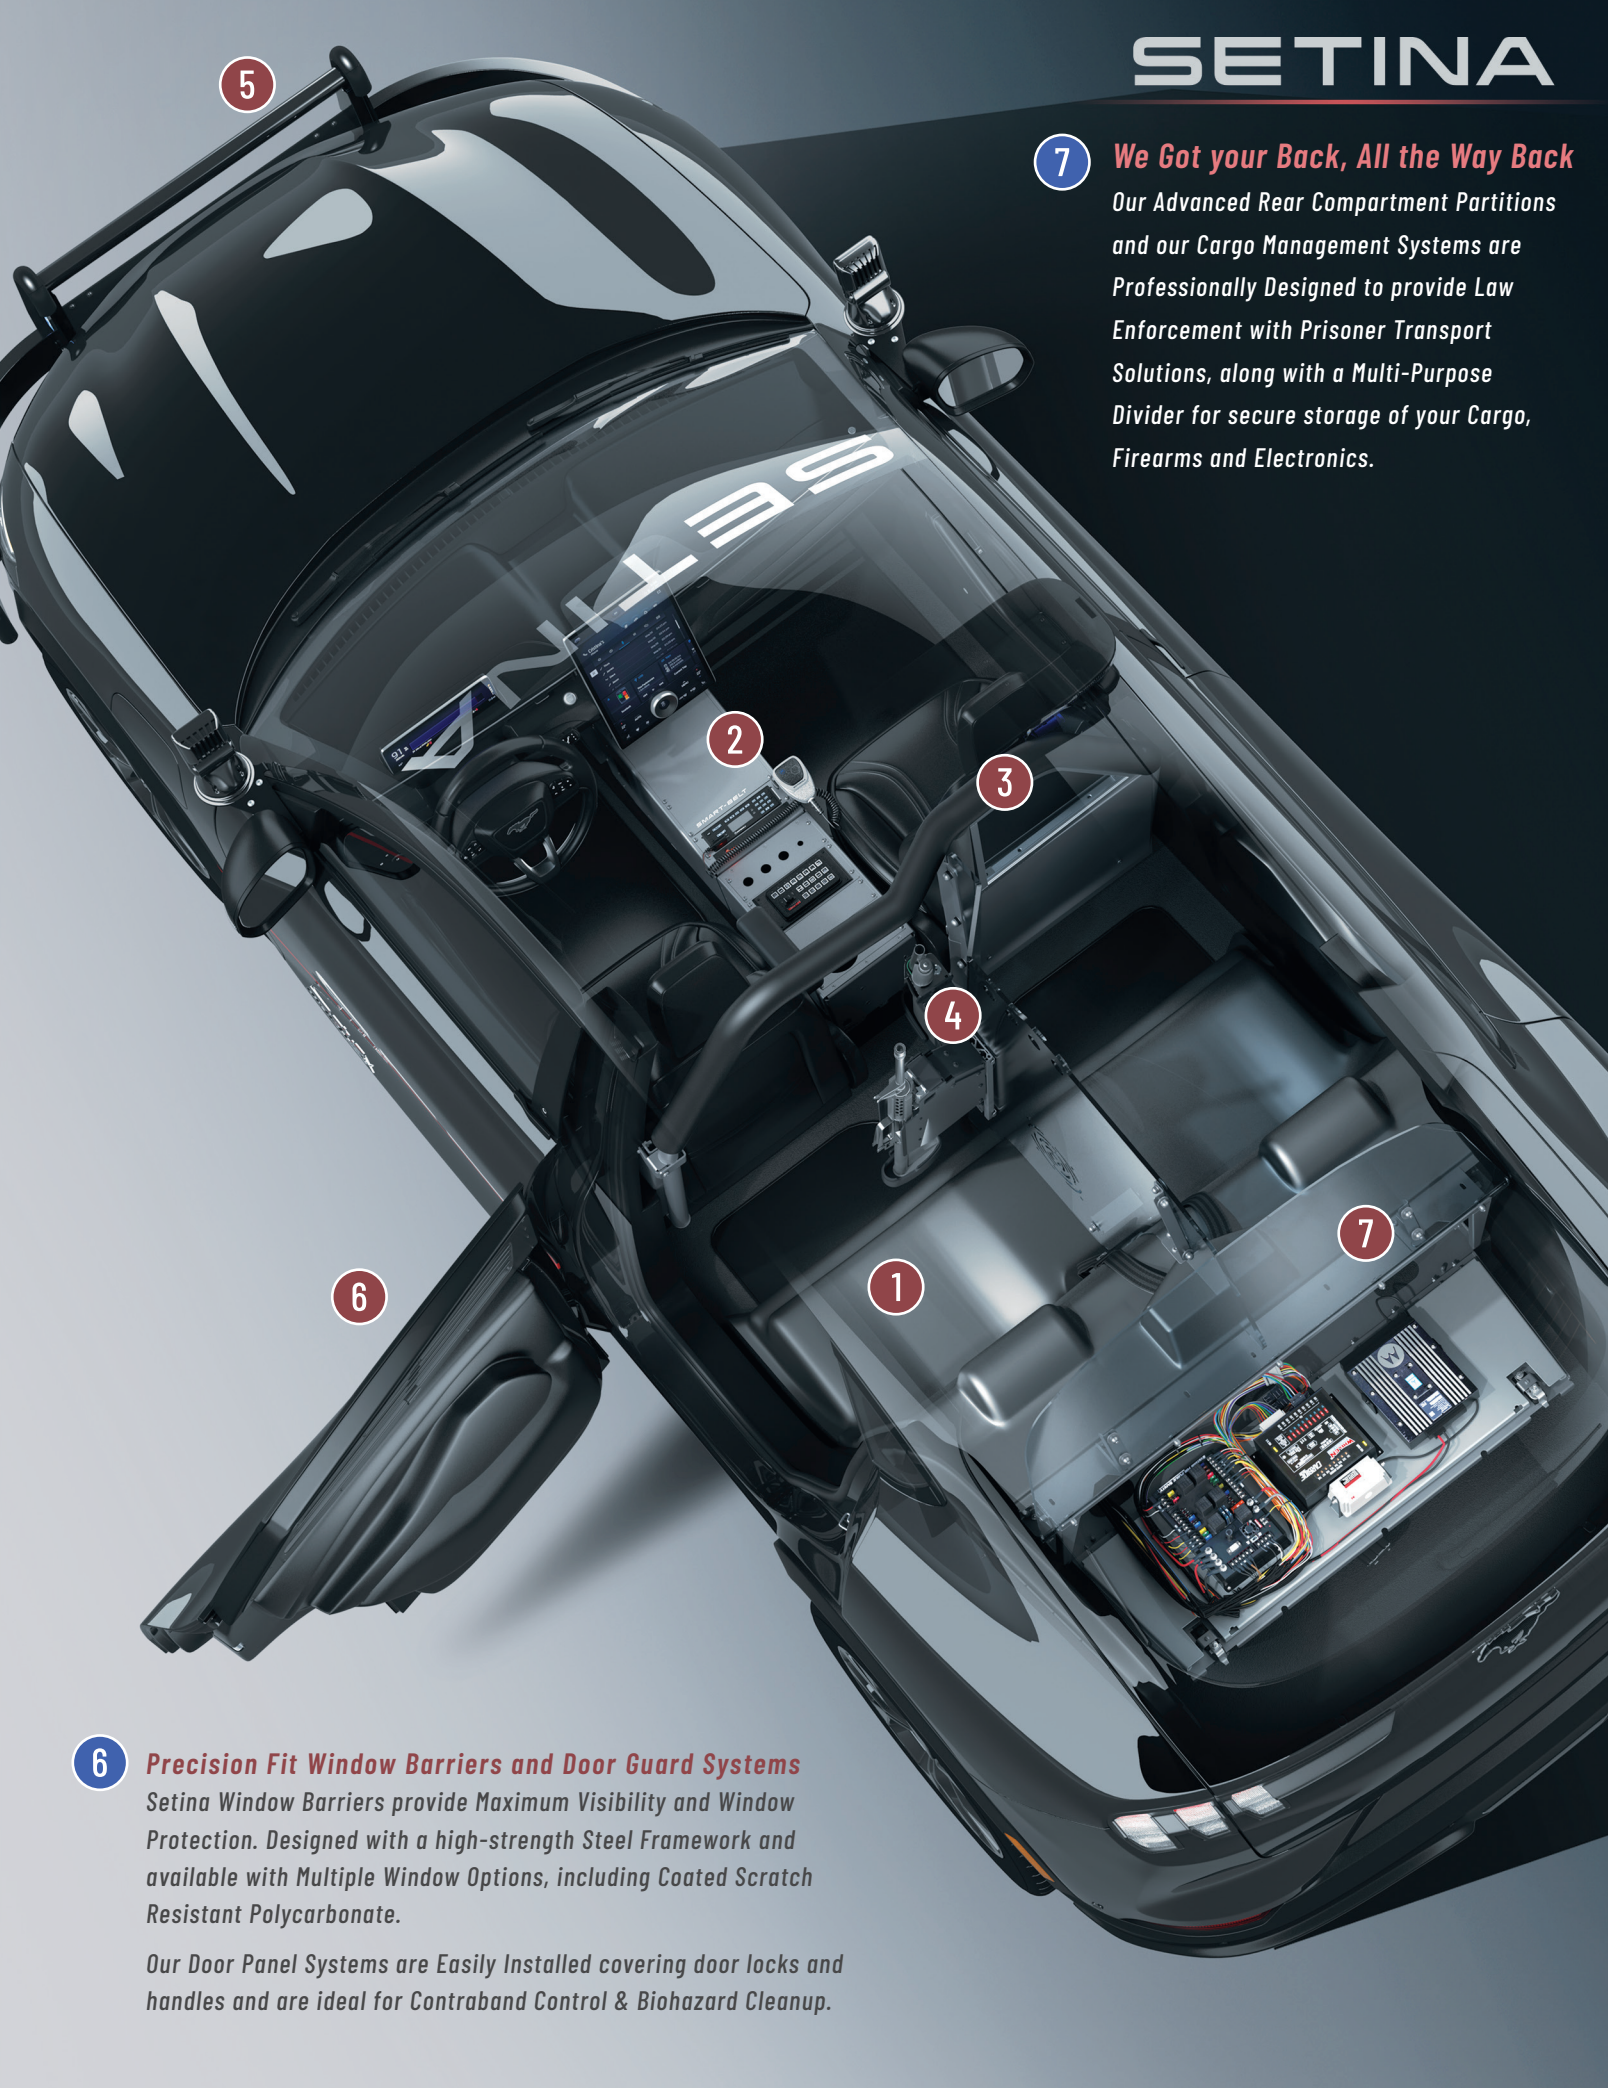

5 Setina Push Bumpers Together with our Fender Guards

Setina's PB405L Series Push Bumpers offer the latest technology in "LED" perimeter lighting. The PB450L is completely factory pre-assembled and wired for quick and easy installation. High-Strength Aircraft Grade Aluminum construction for optimum fuel economy and satisfies the automakers concerns for front end weight limitations.

High-Strength Push Bumpers and Impact Resistant Fender Protectors are the #1 Choice of Law Enforcement.

SETINA

7 *We Got your Back, All the Way Back*

Our Advanced Rear Compartment Partitions and our Cargo Management Systems are Professionally Designed to provide Law Enforcement with Prisoner Transport Solutions, along with a Multi-Purpose Divider for secure storage of your Cargo, Firearms and Electronics.

6 *Precision Fit Window Barriers and Door Guard Systems*

Setina Window Barriers provide Maximum Visibility and Window Protection. Designed with a high-strength Steel Framework and available with Multiple Window Options, including Coated Scratch Resistant Polycarbonate.

Our Door Panel Systems are Easily Installed covering door locks and handles and are ideal for Contraband Control & Biohazard Cleanup.
