SETINA
PUSHING INNOVATION FORWARD

Taking Transport Seating to the Next Level

1

Laboratory testing is a Critical Part of Seat Belt Design and Performance. Setina's unique Center Pull Seat Belt Systems are Professionally Designed and Laboratory tested to meet 207/210 FMVSS, Federal Seat Belt Safety Standards

Model #12VS Rear Cargo Partition

Available with coated, Scratch-Resistant Polycarbonate or Expanded Metal.

Setina's "SmartBelt" System

2

When the belt is Buckled, the seat belt retractor is "Electronically Locked" in "Retract-Only" Mode. When the belt is Unbuckled, the "Warning Light Activates".

DESIGNING

4

The Setina Push Bumper

From our styled Original, Heavy Duty with our latest technology in "LED"s, our Superior Push Bumper Designs ensure Durability and Performance in the most extreme condition.

The Police Bike Rack

5

The Police Bike Rack is the latest in extendable design option for Push Bumper bike transport.

Model #10-XL Does It All!

6

Based on our popular RP Series but with Xtra legroom. No rear leg or foot well obstruction. Recessed panel design, optimum for multiple weapon mounting systems and center consoles. Includes lower extension panels.
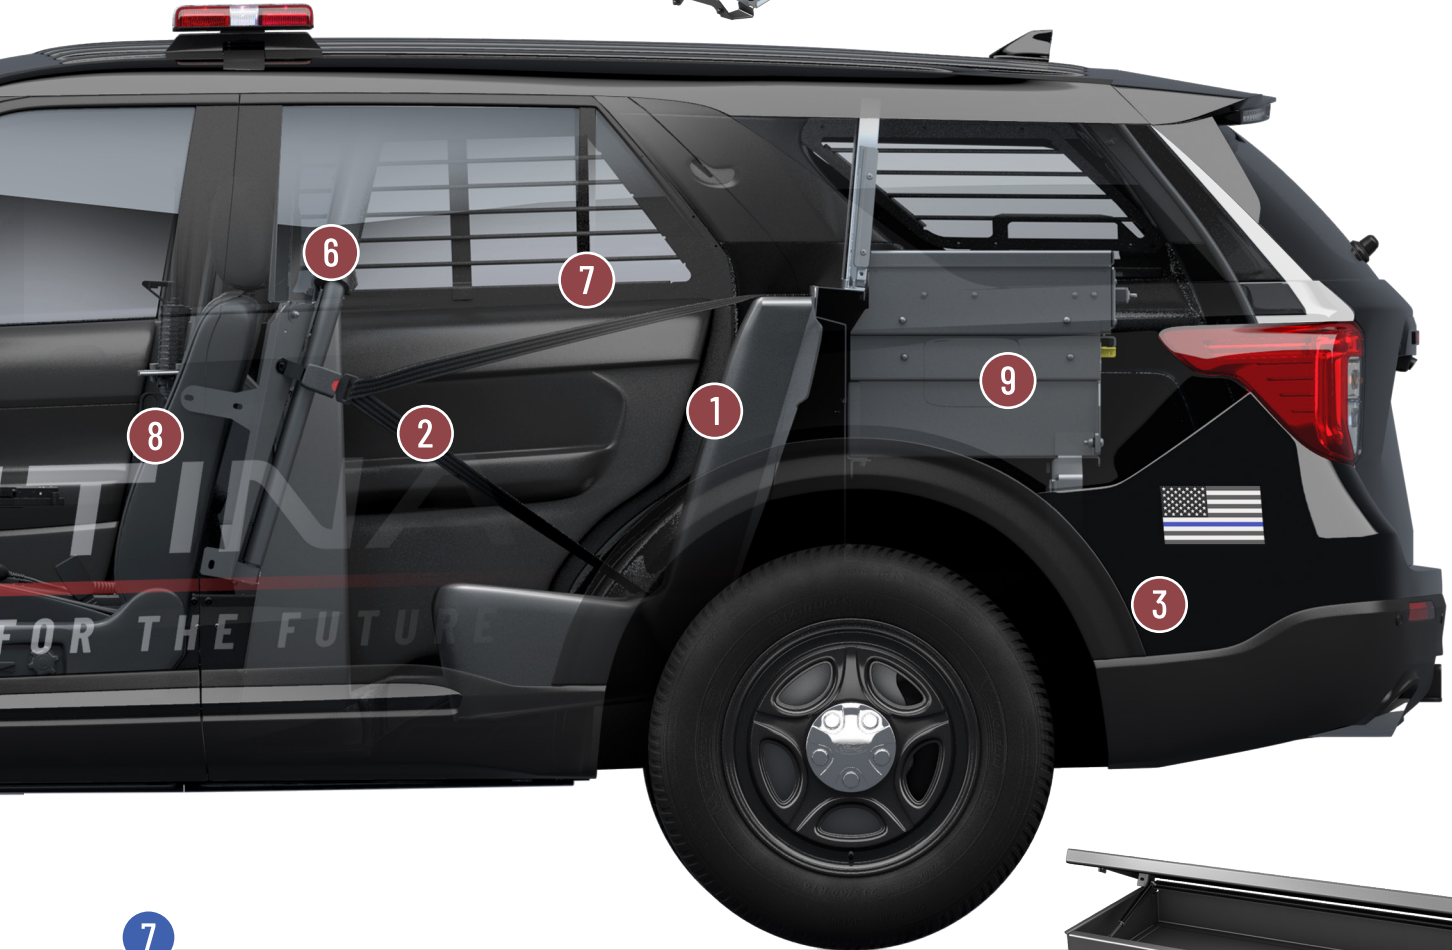

3 **Enhanced Command Center**

The High Performance EZ Lift Command Center offers a Modular Design with Multiple Lock and Drawer Configurations.

The EZ Lift Cargo Deck Maximizes your Rear Cargo and Electronics Storage Capacity and provides easy, Hydraulic Assisted Access to your Spare Tire.

7 **Window Barriers and Door Guards**

Setina's® TPO Door Guards are the next generation of interior door protection. Window barriers are scratch-resistant polycarbonate or steel to fit your department's vehicle needs.

8 **Freestanding or Partition Mounted Weapons Systems**

Available with Single or Double T-Rail firearms mounting options, as well as multiple lock configurations.

9 **Maximizing your Vehicle's Rear Cargo Storage Capacity**

Rear Cargo, Firearms and Electronics Storage Systems.
