## Setina's "XL" Xtra Legroom Partition Design

### Our Most Popular Design

Setina's® patented line of "XL" Side Curtain Airbag Compatible Partitions. Based on our popular Space-Saver, "RP" Recessed Panel design with Xtra Legroom. Our Suspended Mounting System anchors to vehicle's B-Pillars, eliminating partition floor mounting brackets with no foot obstructions in the vehicle foot well area.

### Maximum Clearance for Entry and Exit

Unique Open Contoured Design provides officer with the most effortless prisoner loading and unloading. Recessed storage panel between the front seats offer extra space for consoles, mounting vertical gun locks, other accessories, and gear.

### "XL" Xtra Legroom

Modified steel framework provides strength with no leg obstructions for maximum design strength. Enlarged passenger-side back panel recess also provides additional leg and foot room that prevents foot entanglement while offering maximum legroom for both officers and prisoner.

## ECO-TREAT PROCESS

### Setina's Above Industry Standards

Setina's Environmentally Friendly "Eco-Treat" Process helps to Protect our Environment and Exceeds Automotive Industry PPAP Standards

### LABORATORY TESTING

In addition to knowing Setina has the highest quality finish and corrosion protection on our Push Bumpers, Setina has taken It to the next level with Independent laboratory testing.

### Salt Spray And Scribe Testing

Hardware exceeds 3,000 hours of Continuous salt spray, 3 times the 1,000 hour industry standard against both white and red rust.

### Gravelometer Testing

Testing for surface chipping caused from impact. Setina parts exceeded 2,000 hours 2 times the 1,000 hour SAE, and ASTM standards

# SETINA PUSH BUMPERS

## Value, Strength, and Reliability

• "With a Setina Push Bumper, you get unmatched value and selection for law enforcement Cars, Trucks, and Vans - built for maximum performance, exceptional durability, and the highest quality to keep your fleet mission-ready and performing at its best."

## Replacement Seats

### Prisoner Transport Systems

- Stand Alone, OEM Replacement Seating Systems
- Contour design for Maximum Prisoner Legroom and Contraband Control
- Center Pull Seat Belt System eliminates Officers' need to reach across suspect to buckle seat belt
- Available with Original Center-Pull seat belt system or with SmartBelt Electronic Seatbelt System
- Molded seat back recess provides additional space for suspect's handcuffed arms
- Heavy Duty, Moisture and Pathogen Resistant "TPO" Polymer
- SUV Models require a Rear Cargo Compartment Partition

### THE "TPO" ADVANTAGE

WHAT IS TPO? "TPO" or Thermoplastic PolyOlefin is the highest automotive grade polymer (plastic) used as "the standard" by the auto industry. "TPO" is shatter, flame and chemical resistant and exceeds NHSTA regulations. It is far superior to ABS plastics.

### Integrated Seating Security

Setina's "SmartBelt" System is the latest technology in Center Pull Seat Belt design. SmartBelt's electronic seatbelt Retractor System, with Alert Light, eliminates the officer's need to manually actuate the locking mechanism to activate the restraint mode.

## REPLACEMENT SEATING
